

Independent Research Advisory Committee

Terms of Reference

Function:

The key task of OppAttune's Independent Research Advisory Board is to:

1. Scrutinise research materials.
2. Ensure impartial data collection.
3. Advise on the implementation of the attunement model.
4. Review ethics submissions and occasional consulting regarding ethics decisions.
5. Review and give feedback on a selection of the project's research tools and deliverables.

The IRAC will provide two reports, the first at the mid-term point (Deliverable 1.3 Month 18) and the second towards the end of the project (Deliverable 1.5 Month 33).

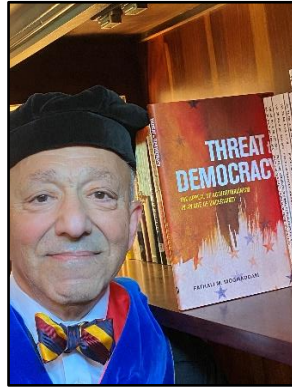

The IRAC will also participate in the Winter Academy in Coimbra, Portugal towards the end of the project.

Meetings:

The IRAC will meet three times, twice on-line and also at one in-person meeting in phase three of the project at the Winter Academy where it will deliver an external evaluation report of the entire project.

Membership:
